Objective and Policy

To increase the value of an investment over a minimum of 5 years through a combination of capital growth and income. The Fund will aim to do this whilst focusing on achieving low levels of volatility. Low level volatility is expected to be up to 5% per annum, in normal market conditions.

At least 45% of the fund will be invested in investment grade bonds, with no more than 35% in shares of companies (including convertibles and investment trusts) and less than 10% in investment funds.

On 28/03/2025 the fund name was changed from Tenax Absolute Return Strategies Fund, and the comparator benchmark changed from the IA Targeted Absolute Return sector to the IA Mixed Investment 0-35% Shares sector.
